

## **What you need to start WhatsApp teaching programme?**

- 1) Phone with WhatsApp access and numbers saved of phone friends.
- 2) Printout of phone friends with name, relationship and WhatsApp display picture. This will be used to help the adults to understand that he is going to contact a particular person and search for name and display picture on WhatsApp.
- 3) Select the person to contact, click on the selected person.
- 4) Make sure the friend is online so that the adult experience the power of WhatsApp and instant communication.
- 5) File with WhatsApp clue cards that the adults can refer to and type.
- 6) You need a few interesting objects to photograph and send via WhatsApp like a toy, an eatable, something new at home, etc.
- 7) Do mock sessions of whole programme with a known person /teacher/ family member before trying out with others.
- 8) Level 1-3 are with the adult sitting down in a place and learning to use WhatsApp. Level 4 onward the adult will move around.
